THE STRAWBERRY SEASON HAS OPENED

Large Yield of Berries of Good Quality Expected. First Shipment Monday

The strawberry season is on and there will be busy times at the berry sheds for the next three weeks.

Monday the Monett Fruit Growers Association loaded their first car for shipment and sold for \$2.00. The berries were in good condition, firm and most of them of good shape and color.

The Monett Berry Growers Union did not secure a full car and it was completed from Tuesday's pick.

The cool weather is holding the berries back from ripening and consequently they are increasing in size which will be a benefit to the grower.

Next week the shipping will begin in earnest and the youngsters will have spending money in plenty.

The Ozark Fruit Growers Association having disposed of most of the Arkansas crop of berries, opened up their offices in this city Monday and are ready to handle the berries of Monett and the surrounding towns. Their offices are located in the Fitzgerald building.

DRYS AND WETS ARE RANGING FOR CAMPAIGN

Organizations Being Made and Headquarters Secured for Both Parties

The citizens of Monett favoring the voting out of saloons at the local option election to be held June 16, have been hard at work this week perfecting an organization for campaign purposes. They have elected D. S. Mayhew, president; Mrs. F. M. Baity, vice president; A. L. Brown, secretary and John Walsh, treasurer. An advisory board of twenty-five men is being secured.

The "Drys" have secured the Westbay building on the north side of Broadway for headquarters.

The "Wets" are also busy and they have rented the Walsh building on the south side of Broadway for their use.

COLD WEATHER GENERAL

Temperatures Below Seasonal Average Over Entire Country

Washington, May 7.—Abnormally cold weather prevailed tonight throughout the entire country, except in the gulf states, with temperatures twenty degrees below the seasonal average in the upper lake region and the Dakotas.

Reports to the weather bureau told of two disturbances, one accompanied by heavy frosts in Nebraska, Minnesota and parts of Iowa and Wisconsin, and the other attended by rains over the northern states east of the Mississippi, which were said to be responsible for the unsettled conditions and low temperatures.

The eastern storm was said to be passing off into the Atlantic, and the one in the west to be moving eastward.

Frost warnings were issued tonight for the northwest states, except Montana, and for the great central valleys except the lower Mississippi, for the lake region and the central portions of the east mountain districts.

POSTAL SAVING SYSTEM BY MAIL

Every person in the United States July 1st, according to an instructive ten years old or over may open an account in a postal savings bank after leaflet on the Postal Savings System just issued by Postmaster General Burleson. This important extension of the service will be made possible by permitting persons living in communities so sparsely settled as not to justify the designation of their local post offices as regular postal savings banks to open accounts by mail.

Governor Dockery, Third Assistant Postmaster General, who has direct supervision of postal savings, was so impressed by appeals from all over the country to open postal savings accounts by mail that he took up the task some weeks ago of working out a feasible and safe method for meeting the demand.

Under the plan adopted by the Postmaster General for opening accounts by mail an intending depositor, residing where there is no regularly designated postal savings bank, will apply to his local postmaster who will see that necessary identification data is prepared and forwarded to a nearby post office authorized to accept deposits. The intending depositor will then be given permission to forward his last and subsequent deposits by money order or registered mail direct to the postmaster at the banking point for which receipts or certificates will be issued. He may withdraw all or any part of his postal savings by mail and on demand together with any interest that may be due him.

The new leaflet points out that any person ten years old or over may open an account in his or her own name; that an account may be opened by a married woman free from any control or interference by her husband; that post office officials are forbidden to disclose to any person, except the depositor, the amount of any deposits; that withdrawals may be made without previous notice; and that the Government guarantees to repay all deposits on demand with accrued interest.

The leaflet will soon be printed in 22 foreign languages for distribution through local post offices.

Postal savings receipts have broken all records the past year. During the eight months prior to April 1st there was a net gain in deposits of \$1,000,000, as against a gain of \$8,000,000 for the same months the year before. Thousands of new accounts have been opened and the millions made up largely of hidden savings have been turned back into the channels of trade just at a time when there was pressing demand for every dollar.

GREAT HUM BUG CIRCUS

Elks Put On the Biggest Burlesque Monett Ever Witnessed. Big Tent Crowded With Interested Spectators

The Elks big Hum Bug Circus given at Monett, Monday, attracted a large crowd of people from the surrounding towns and country. The big parade started at 2:30 o'clock headed by the Peirce City band with Victor Kreyer as leader, and ended by a steam calliope played by George Rice. Two of Monett's celebrated bands also played.

The parade consisted of the usual cages of wild animals, equestrians, acrobats, soldiers and clowns.

The large tent was erected on the lots corner of Sixth and Broadway. Two rings and a platform were used by the trained performers.

The clowns who kept things lively were E. A. Jacobs, Roy Watson, Earl Callaway, C. A. Maher, J. W. Patterson, Tillman Temple. Also the special characters, Harry Osborn, as the merry widow, W. W. Lehnhard, the blind man and Fred Salzer, the constable. They played the usual stunts incident to circuses.

W. J. Fleming was ring master and was exceptionally fine in that difficult part.

Gene Saxe, as a female bare back rider performed wonderful feats in equestrianism on a spirited animal. Houston and Tillman Temple were trapeze performers and tumblers and did some acts that were really very good for amateurs.

Lawson Nordin and Pat Harrigan dressed to represent the Gold Dust Twins, gave some performances. In black tights they also gave some good posing in ebony.

J. Wirt Patterson gave a fine exhibition of Japanese Juggling the like of which has never before been seen at this place.

The wild animals were well trained. Earl Callaway as an ostrich, gave a good exhibition only marred somewhat by a distressing accident to the fowls plumage. Chas. Rauch and Warren Perry composed the framework of the camel, which was put through its stunts by Tillman Temple, the trainer. The elephant, with Fred Gibbons and James Doyle as the framework, went through some wonderful performances under direction of Floyd Callaway.

The misfit army caused thunderous applause. The armies of France, Russia, Belgium, Germany and England were represented in costume. J. V. Nelson was general of the French army, with Fred Gibbons and Nay Patterson, privates. In the German army Frank Boehm was general, followed by Lane Guinney and Chas. Rauch; English, V. E. Russum, S. A. Chapell and George Morrow; Belgians, Tom Reeves and James Doyle. Two negroes, Salty and Pat, represented the country without a flag.

Following the circus performance a concert was given, which could not be

properly called "humbug." There was singing and dancing by Nordin and Harrigan, the Hum Bug quartet, composed of Earl Callaway, Carl Saxe, Lawson Nordin and Pat Harrigan and finally a solo by Carl Saxe.

The Circus was under the direction of Lowe & Jennings, of Neosho, the originators of the Hum Bug Circus, and the performance was all from local talent.

FOLLOWING THE FLAG

In this original situation the attitude of President Wilson is commanding confidence. He is acting with deliberation, after taking counsel with his associates and with the Nation. His proposed plan of action, if the semi-official forecast is correct, is in accordance with that larger patriotism which takes into account the welfare of humanity, as well as the honor of the United States.

In support of the President and that program, if the country understands it aright, all differences vanish, and we are all Americans. We all follow the flag!—Kansas City Star.
